

MAX Engraver

VISION
ENGRAVING & ROUTING SYSTEMS
A Company of Western Engravers Supply, Inc.

Increase Capabilities & Business Profits!

The MAX Engraver is Vision's original multi-axis rotary engraving machine. With engraving speeds of up to 10" per second and a removable 8" x 12" flat engraving table, the MAX can engrave cylindrical items up to 10" in diameter and flat items up to 11" thick. You can engrave text and logos on jewelry, mugs, steins, bowls, cups, and many other items. The MAX is also ideal for heavy-duty work, including marking industrial items such as tools, cylinders, pipes, and gauges.

The MAX Offers:

- Red Laser Pointer for easy job set-up
- 8" x 12" aluminum T-slot table
- Self-centering work-holding vise with cones for holding round items
- 2-year limited warranty
